SOLD! Who said red isn't pretty? She is out of the El Coyote breeding program and brings a lot of genetics to the table including a double dose of Tari Graves, one of the industry's most influential cows. She has produced 3 big bodied correct bulls and now has knocked it out of the park with her first heifer, IWR Firefly 411. She has a really nice udder and produces a lot of milk to grow these big calves. OCV'd.
